## Adding and Editing a Lecture

### 1. Click 'Add Lecture' button

The screenshot shows a web application interface for managing a course. On the left is a dark sidebar with a user profile 'Admin Test' and navigation links for 'Home', 'Courses', and 'User Management'. The main content area is titled 'Course name: Test Course 1'. It contains a 'Course Info' section with a description, status 'COMPLETE', and dates. Below this is a 'Lectures' section with three entries. A red rectangle highlights the 'Add Lecture' button in the top right corner of the 'Lectures' section.

### 2. Fill out the forms with the content of a lecture.

The screenshot shows the 'Add Lecture' form within the same application. The sidebar and course title are identical. The form has three main sections: 'Lecture Name' with a text input and a red error message 'This field is required'; 'Lesson Description' with a large text area; and 'Video URL' with a text input. Below these is a rich text editor with a toolbar containing bold, italic, underline, strikethrough, link, unlink, and list icons, followed by a text area labeled 'Lecture content goes here'.
